

2020 Annual Report to The School Community

School Name: St Albans Heights Primary School (4948)

- All teachers at the school meet the registration requirements of the Victorian Institute of Teaching (www.vit.vic.edu.au).
- The school meets prescribed minimum standards for registration as regulated by the Victorian Registration and Qualifications Authority (VRQA) in accordance with the *Education and Training Reform (ETR) Act 2006*. This includes schools granted an exemption by the VRQA until 31 December 2020 from the minimum standards for student enrolment numbers and/or curriculum framework for school language program.
- The school is compliant with the Child Safe Standards prescribed in *Ministerial Order No. 870 – Child Safe Standards, Managing Risk of Child Abuse in School*.

Attested on 16 March 2021 at 04:40 PM by Effie Sultana (Principal)

The 2020 Annual Report to the school community:

- has been tabled and endorsed at a meeting of the school council
- will be publicly shared with the school community.

Attested on 29 March 2021 at 01:45 PM by Melanie Flannery (School Council President)

How to read the Annual Report

What has changed for the 2020 Annual Report?

Improved appearance

The appearance of the Performance Summary has been updated to more clearly represent information and to assist interpretation and comparison of individual school's data with state averages and similar school groups.

School performance data

The Victorian community's experience of COVID-19, including remote and flexible learning, had a significant impact on normal school operations. This impacted the conduct of assessments and surveys. Readers should be aware of this when interpreting the Performance Summary.

For example, in 2020 school-based surveys ran under changed circumstances, and NAPLAN was not conducted. Absence and attendance data may have been influenced by local processes and procedures adopted in response to remote and flexible learning.

Schools should keep this in mind when using this data for planning and evaluation purposes. Those schools who participated in the Student Attitudes to School survey in 2020 should also refer to the advice provided regarding the consistency of their data.

What does the 'About Our School' section refer to?

The About Our School section provides a brief background on the school, an outline of the school's performance over the year and future directions.

The 'School Context' describes the school's vision, values and purpose. Details include the school's geographic location, size and structure, social characteristics, enrolment characteristics and special programs.

The 'Framework for Improving Student Outcomes (FISO)' section includes the improvement initiatives the school has selected and the progress they have made towards achieving them.

What does the 'Performance Summary' section of this report refer to?

The Performance Summary includes the following:

School Profile

- student enrolment information
- the school's 'Student Family Occupation and Education' category
- a summary of parent responses in the Parent Opinion Survey, shown against the statewide average for Primary schools
- school staff responses in the area of School Climate in the School Staff Survey, shown against the statewide average for Primary schools

Achievement

- English and Mathematics for Teacher Judgements against the curriculum
- English and Mathematics for National Literacy and Numeracy tests (NAPLAN).

Note: NAPLAN tests were not conducted in 2020

Engagement

Student attendance at school

Wellbeing

Student responses to two areas in the Student Attitudes to School Survey:

- Sense of Connectedness
- Management of Bullying

Results are displayed for the latest year and the average of the last four years (where available).

How to read the Annual Report (continued)

What do 'Similar Schools' refer to?

Similar Schools are a group of Victorian government schools with similar characteristics to the school.

This grouping of schools has been created by comparing each school's socio-economic background of students, the number of non-English speaking students and the school's size and location.

What does 'NDP' or 'NDA' mean?

'NDP' refers to no data being published for privacy reasons or where there are insufficient underlying data. For example, very low numbers of participants or characteristics that may lead to identification will result in an 'NDP' label. For the 2020 Student Attitudes to School survey, specifically, the similar school group averages are replaced by 'NDP' where less than 50% of schools in a given similar school group did not participate in the 2020 survey.

'NDA' refers to no data being available. Some schools have no data for particular measures due to low enrolments. There may be no students enrolled in some year levels, so school comparisons are not possible.

Note that new schools only have the latest year of data and no comparative data from previous years. The Department also recognises unique circumstances in Specialist, Select Entry, English Language, Community Schools and schools that changed school type recently, where school-to-school comparisons are not appropriate.

What is the 'Victorian Curriculum'?

The Victorian Curriculum F–10 sets out what every student should learn during his or her first eleven years of schooling. The curriculum is the common set of knowledge and skills required by students for life-long learning, social development and active and informed citizenship.

The Victorian Curriculum is assessed through teacher judgements of student achievement based on classroom learning.

The curriculum has been developed to ensure that school subjects and their achievement standards enable continuous learning for all students, including students with disabilities.

The 'Towards Foundation Level Victorian Curriculum' is integrated directly into the curriculum and is referred to as 'Levels A to D'.

'Levels A to D' may be used for students with a disability or students who may have additional learning needs. These levels are not associated with any set age or year level that links chronological age to cognitive progress (i.e. there is no age expected standard of achievement for 'Levels A to D').

About Our School

School context

In 2020 we worked with an external consultant to review our school values and vision. Consultation was then had with staff, families and students to decide on our final vision statement and values.

St. Albans Heights Primary School Vision and Values. 2021 & Beyond

Purpose Statement

St Albans Heights Primary School's Purpose statement is:

Soaring to Greater Heights!

Vision

At St Albans Heights our graduates will be empowered to thrive, collaborate and think critically. They will be supported by the school community and will be at the centre of all decision making. All students will be provided with highly effective instruction, in every classroom, every day. They will have sound literacy and numeracy skills and an inquiring mindset to create opportunities to live successful lives. They will develop positive social and emotional capabilities and a strong moral compass in order to effectively contribute to society.

VALUES

St Albans Heights Primary School's values are: H.E.R.B. Our mascot to be introduced in 2021 will be Herb the Hawk.

Honesty

Excellence

Respect

Belonging

St Albans Heights Primary School was established in 1968 in the western suburbs of Melbourne within the City of Brimbank. Our 2020 enrolment was 279 students, 126 female and 153 male, with 13 classes. 88% of our students had English as an Additional Language and 1% identified as Aboriginal or Torres Strait islander. The school's socioeconomic band value is High.

The staffing profile for SAHPS is 2 Principal Class Officers, 2 Leading Teachers and 2 Learning Specialists, we currently have 19 EFT staff and 11.5 EFT support staff. Trend data indicates stable enrolments during the last few years.

We cater for students with differing needs from Foundation to Year 6 and our students come from diverse cultural backgrounds. We provide a structured, supportive and motivating educational environment where every child experiences a stimulating curriculum with challenging and achievable goals that will meet their needs.

PE, Visual Arts, STEM and Japanese are our current specialist areas and we offer an EAL, Language Support, Levelled Literacy Intervention and a Library program to support our literacy program.

The school is organised into single classes for Foundation and composite classes for Years 1/2, 3/4 and 5/6. Our school focuses on quality teaching and learning and our teaching and non-teaching staff are dedicated to developing each child to their full potential.

A strong emphasis is placed on a team approach to planning and teaching, implementing and evaluating all of our programs. Staff work in team teaching situations with two classes effectively working together. Data and evidence is key to driving school improvement. Our school and parent community have a shared vision for all students at our school. Through positive role modelling and co-operative learning we encourage our students to respect the rights of others, act in a responsible manner and strive for excellence at all times.

We have a number of school student leaders (School Captains, House Captains, Sustainability, Engagement and ICT Leaders, Class Captains) with designated roles and responsibilities across the school. We equip our students with the skills necessary to build positive social relationships, to work and learn in teams and the strategies to manage and resolve conflict.

Student Wellbeing continues to be a priority across the school. There are a number of support services for students and families including a social worker (3 days per week) and a speech pathologist at the school full time. We currently have approx. 12 students funded on the PSD program. The school values of Honesty, Excellence, Respect and

Belonging play an important role in the way we manage issues across the school. We are currently implementing the School Wide Positive Behaviours and Respectful Relationships programs at our school, which relate directly to our school values.

Breakfast Club operates every morning from the canteen to provide a healthy breakfast for students in need. We also provide a number of students with lunch on a daily basis.

The school has a strong transition program building links with the local kindergartens and secondary colleges.

The school has an iPad program where families are encouraged to purchase individual iPads which are brought to school daily and used in the classroom to improve literacy and numeracy.

Family–School partnerships are encouraged and actively sought for the benefit of our students. These partnerships are based on trust and mutual respect for the role that families play in a child’s education.

A Community Hub is based at the school and provides strong links between home and school, running a number of programs including English language classes, Cooking classes, Zumba and walking groups to name just a few. The school has a partnership with Blu Earth to increase student engagement and increase active participation. The school has a partnership with ACMI (Australian Centre for Moving Image) and they are supporting us to engage students in digital technology. We also have a connection with GTAC (Gene Technology Access Centre) to support our work in STEM with a focus on robotics and technology.

The school is part of the Stephanie Alexander Kitchen Garden Program and year 3/4 students work in the garden and learn cooking skills once a week.

We currently have approx 9 International full fee paying students attending SAHPS.

Framework for Improving Student Outcomes (FISO)

In 2020 St Albans Heights Primary School focused on the following FISO (Framework for Improving Student Outcomes) improvement initiatives and strategies:

Excellence in Teaching and Learning: Building Practice Excellence and Curriculum Planning and Assessment,

Professional Leadership: Building Leadership Teams

Positive Climate for Learning: Empowering students and setting expectations and promoting inclusion

Community Engagement in Learning: Building Communities

Goal 1: Improve student learning outcomes in literacy with a focus on reading and writing

Goal 2: Improve student outcomes in numeracy with a focus on number and algebra

Key Improvement Strategies:

Build the instructional practice of every teacher by adopting a whole school approach to instructional practice and an agreed instructional model.

Develop a guaranteed and viable curriculum with consistency in documentation and delivery

Develop consistent and high performing PLC teams to plan, differentiate and measure impact of instruction

Highlights: Whole School approach to teaching literacy and mathematics. Reviewed our planning documents across the school to determine clarity around planning process. Focused on teaching and learning best practice in all curriculum areas not just numeracy and writing. Employed consultants to work in the school to observe and provide feedback for staff and the leadership team. Devised an instructional model to be used throughout the whole school in all curriculum areas. Devised a PLC Cycle to assist staff with planning curriculum relevant to individual needs. Greater focus on data when planning work for students. Leading Teachers and AP to support PLT planning and attached to a cohort for support. Learning Specialist staff to support sub schools with coaching, modelling and peer observations with a focus on reading. Continued development of the GVC in Reading and Writing.

Goal 3: Improve student engagement and wellbeing

Key Improvement Strategies:

Develop and implement a whole school approach to wellbeing and engagement to provide a safe and supportive learning environment.

Highlights: Work around the values to have a clear understanding of each, circles work and weekly wellbeing lessons for all students. Social skills groups for relevant students. More leadership positions and a greater voice for SRC students. Raising money for charities, organising school sports program. Students setting individual goals for themselves in reading, writing, numeracy and wellbeing. Student led conferences, Breakfast Club, Student run

assembly. Social Worker and Speech therapist on site. Stephanie Alexander Garden Program for all year 3/4 students. Continued distribution of MVP cards, introduction of shop for students to make purchases.

Goal 3: To foster a cohesive school learning community where every student thrives and feels safe and connected.

Key Improvement Strategy 1: Develop and integrate a consistent whole school approach to wellbeing.

Highlights: Leading Teacher to implement initiatives and follow through concerns and issues.. SWPB program, MVP cards, setting clear expectations, clubs, wheel of choice, Compass chronicles, house points, credit system. Resources for staff in wellbeing. Effective PSD Program, etc. Remote learning lent itself to greater connections with some of our families because of the increased communication that strengthened the relationships between home and school. Continuing to run our normal practices around awards, recognition, whole school assemblies and MVP cards, etc whilst working remotely.

Achievement

St Albans Heights Primary School strives to improve student learning in all aspects of the school curriculum. Teachers ensure consistent judgements are made against the Victorian Curriculum through collaboration and considered use of data. This informs our planning for the learning requirements of our students and provides accurate data to parents. This information is delivered to parents via our semester reports and student led conferences. Information about learning is shared via the app See Saw.

Our teacher judgments in English and Mathematics show that our students are performing above similar schools but below the state average. NAPLAN data was unavailable in 2020 due to the COVID pandemic.

Levelled Literacy Intervention groups began in 2020 with several staff taking daily groups to support students below level.

We continue to build the capacity of teachers through Professional Learning days, Professional Practice Days and curriculum days, with clear direction for ongoing improvement. We are continuing to refine our whole school planning documents and weekly teacher work programs, including effective lesson structure and meaningful assessment.

Learning Intentions relate to the Victorian Curriculum and differentiation for varied abilities is highlighted in work programs. Our instructional model and PLC Cycle is being embedded into our daily practice. Teachers participate in school based coaching, mentoring and external coaching with a particular focus on Literacy and Numeracy.

Our students on the PSD program take part in a Student Support Group meetings each term with their families to discuss their progress on their individual goals. All of our students have shown growth on the individual Learning Plans and if required, work is modified to meet their needs.

COVID - Remote Learning

? The school evaluated student learning needs and used this to identify next steps for remote learning.

? As a school we designed a suitable curriculum for online learning for each key learning area, to ensure that Reading, Writing & Numeracy were taught everyday

? We provided access to devices such as iPads, Laptops & Mobile Internet Hotspots

? We made sure that hard copies of Remote Learning work was provided to families without technology or devices

? LCCP (Learning Continuity Contingency Plan) - Staff & Community Version

? At Home Learning Resources provided to parents via the school website and Facebook

? Utilisation of existing and communication methods such as Learning Management Platforms such as Seesaw and Google Classroom.

? We reached out and supported all families who had not activated Compass to ensure they received up to date information

? We established the use of WebEx in all PLTs throughout the school

? Learning Roadmaps completed for each PLT

? Regular communication with parents (via approved mediums) regarding how students were going with their learning

? Differentiation: Students were set tasks that they were able to complete at their own pace. Through phonecalls and interactions teachers were able to differentiate the work set for specific children.

? Differentiation: PLTs shared and collaborated across year levels to support students at their individual learning needs.

? Increased Interactions: Students were able to complete the work much more quickly than anticipated. They also engaged strongly with a number of self-directed learning tasks.

? As a school we continued with our meeting schedule using WebEx to collaborate across the school, however we experienced challenges in.

? We had some technical issues and drop outs with WebEx but overall it served its purpose.

? PLTs continued to meet and work together for 3 hours every week; focus of these meetings were planning and delivering lessons that were engaged and meeting students' point of need. Teams would work to identify students who weren't engaging and then modify the learning tasks so that the student could experience success.

? The school maintained a regular professional learning program for our PLTs to continue the work and priorities we had set out at the start of the year.

? We built capability in the delivery of remote teaching and learning by providing staff with videos and tutorials on the effective use of technological platforms during remote learning.

? Remote Learning How to Videos

? Virtual PL for Teachers

? PL focused on reading & numeracy

? Leadership team available for support regarding teaching & learning via electronic mediums

? We were able to continue to deliver on some of our AIP actions relating to literacy and numeracy, however we had to modify our approach to delivering...etc.

? Planning documentation remained the same and consistent across teams

? Daily lessons focused on reading, writing and numeracy

? Reading intervention program (LLI) continued to run remotely via Google Classrooms

? Online Numeracy & Literacy Awards

? Daily reading encouraged through Reading Eggs and students recording their reading in their diary

Feedback was gained from all stakeholders, students, staff and parents, then supports were put in place as required. Teacher judgements in 2020 indicate that 81.8% of our students achieved at or above expected level in English. This was above similar schools but still slightly below state level.

80.5% of students achieved at or above expected level in Mathematics. This was above similar schools but still slightly below state level.

Engagement

Average days absent per full time equivalent student per year is above similar schools and well above state. SAHPS average number of absences sits at 20.5 per student, similar schools is 18.9% and the state average is 13.8%, which we are working towards. We still have too many student absences across the school and are working on educating our parents why 'it's not ok to be away.' COMPASS has continued to be used to record attendance and absences. Staff continue to call home for unexplained absences for more than two consecutive days. Letters are sent home for unexplained absences. Our Social Worker and Leading Teacher (wellbeing) also follow up prolonged absences and regular late arrivals. We've introduced more lunchtime programs and a wider variety of programs to encourage attendance and to improve engagement levels.

COVID Response

Students who weren't engaging were invited to be onsite during remote learning for some of the time to ensure checkins and reengage students. Hard copy work was provided to a number of students and devices were loaned to those that required them.

Wellbeing

Our students Attitude to School survey results are still below state. Sense of Connectedness (4-6) was at 70.5% and the state average was 79.2%. Management of Bullying (4-4) SAHPS is 68.8% and the state average is 78%. We anticipate the measures we have put in place will see this data begin to improve. There are a number of areas that continue to remain a focus for the school including students sense of connectedness to school and the management and understanding of bullying. The school does not tolerate bullying in any form and always follows up with all reported incidents. The staff are logging all incidents on COMPASS to allow us to monitor issues and problems areas around the school.

The school places a high value on student wellbeing and connectedness and has invested in a strong team of staff to support students and their families; including a social worker, speech pathologist and a strong wellbeing team. In

In addition to this we access the Student Support Officers (SSO) team through the region when necessary to provide additional support to families. The school is implementing the School Wide Positive Behaviour Framework and Respectful Relationships programs through the department. COMPASS is being used to track and monitor individual and cohort behaviour and areas around the school which may be of concern. Parents are continually being notified of issues at the school. MVP cards are being distributed for following the school values, and greater rewards, acknowledgements and incentives are in place for students to do the right thing. The SWPBS shop has been a popular addition.

A number of opportunities to enhance student voice and agency were provided through Student Representative Council, school leaders program and Blu Earth.

COVID - Remote Learning

-The initial focus was on supporting students already identified as at risk or needing extra support. The Student Health and Wellbeing Team compiled a list of these students and regularly monitored their progress during this period...etc

-Foodboxes, devices, mobile hotspots, at risk children

-SIT meetings focused around which students had not engaged in online learning and what follow ups were necessary.

? Loaned devices to families

? Home visits to sight individual students not engaging online

? Frequent technical & emotional support with parents with regards to iPads, learning difficulties and welfare/food.

? Referrals to school social worker for follow ups.

? Facebook Parent Support - articles and communication around helplines and agencies for support

? Community hubs leader making contact with parents and supporting where possible

Community Hub Leader organised virtual coffee and chats for families.

? Class meetings and online quizzes via google meets and kahoots

? SWPBS home matrix

? Rewards systems set up for individual and class rewards

? Regular communication with parents (via approved mediums) regarding how students were going with their health and wellbeing

? Increased Interactions: A number of students who had been disengaged connected strongly with the remote learning in some classes. When asked, the students said they liked being able to ask questions of the teacher without other students hearing. We gathered feedback from students through surveys.

? Foundation to Year 2 required a lot of support.

? As a school we held regular year level meetings to obtain feedback from staff on students of concern, and established a wellbeing check for school staff...etc.

? We surveyed staff to identify what supports were needed.

? Prin team dropped into the weekly Network meeting to share experiences and feedback relevant information to staff

? Weekly / fortnightly check ins. Meeting schedule was cancelled and a weekly wellbeing check in was used to touch base with staff and to sight staff who had been offsite.

? Webex groups setup for staff to chat and collaborate

? Leadership were available at all times for staff through phone, email and webex

? Staff had a morning video to students, students needed to respond to show they were present

? Whole school staff videos to engage with families and students and try and increase morale

? Welcome back video and wellbeing session to ease any anxiety from students about returning to school

? We prioritised the health and wellbeing supports for our staff, students and their families experiencing difficulties over other priorities.

? We modified the delivery of health and wellbeing supports to students and their families.

? Online Most Valuable Peer (MVP) cards were issued

? Online Citizens of the Week

? SWPBS At Home matrix, surveyed students to find out what activities they were enjoying to maintain engagement and learning.

? Weekly Webex Check in's to touch base and sight staff in order to check everyone was okay.

? Rostered staff on weekly to attend onsite so contact could be maintained with each other and the leadership.

Although this was optional many staff chose to come in on their scheduled days.

? Reminders about being safe online

- ? SWPBS remote learning matrix, MVP cards and video about SWPBS
- ? Continued to monitor and follow up absences, contacting families, home visits
- ? As we transition into Terms 3 and 4, we will need to heavily prioritise re-establishing relationships with all of our students and families
- ? Re Establishing norms and classrooms routines upon returns
- ? More interactive engagement between teacher and student, eg video conference

Financial performance and position

The Equity funding the school receives is predominantly used to build teacher capacity in teaching literacy and numeracy, in order to ensure our students have access to the latest research and resources. External coaches were employed to assist staff and to provide feedback and set goals for future direction. The Leadership team was involved in coaching and mentoring staff across the school in literacy and numeracy strategies. Upgrades to the grounds and buildings continue to be a priority for the school in line with the school's age and needs. Due to COVID many projects were put on hold in 2020 hence why a surplus is evident.

For more detailed information regarding our school please visit our website at
<http://www.sahps.vic.edu.au>

Performance Summary

The Performance Summary for government schools provides an overview of how this school is contributing to the objectives of the Education State and how it compares to other Victorian Government schools.

All schools work in partnership with their school community to improve outcomes for children and young people. Sharing this information with parents and the wider school community helps to support community engagement in student learning, a key priority of the Framework for Improving Student Outcomes.

Refer to the 'How to read the Annual Report' section for help on how to interpret this report.

SCHOOL PROFILE

Enrolment Profile

A total of 279 students were enrolled at this school in 2020, 126 female and 153 male.

88 percent of students had English as an additional language and 1 percent were Aboriginal or Torres Strait Islander.

Overall Socio-Economic Profile

The overall school's socio-economic profile is based on the school's Student Family Occupation and Education index (SFOE) which takes into account parents' occupations and education.

Possible socio-economic band values are: Low, Low-Medium, Medium and High.

This school's socio-economic band value is: High

Parent Satisfaction Summary

The percent endorsement by parents on their school satisfaction level, as reported in the annual Parent Opinion Survey.

Percent endorsement indicates the percent of positive responses (agree or strongly agree) from parents who responded to the survey.

Parent Satisfaction	Latest year (2020)
School percent endorsement:	86.0%
State average:	81.2%

School Staff Survey

The percent endorsement by staff on School Climate, as reported in the annual School Staff Survey.

Percent endorsement indicates the percent of positive responses (agree or strongly agree) from staff who responded to the survey.

Data is suppressed for schools with three or less respondents to the survey for confidentiality reasons.

School Climate	Latest year (2020)
School percent endorsement:	73.5%
State average:	77.8%

ACHIEVEMENT

Key: 'Similar Schools' are a group of Victorian government schools that are like this school, taking into account the school's socioeconomic background of students, the number of non-English speaking students and the size and location of the school.

Teacher Judgement of student achievement

Percentage of students working at or above age expected standards in English and Mathematics.

English Years Prep to 6

Latest year
(2020)

School percent of students at or above age expected standards:

81.8%

Similar Schools average:

72.2%

State average:

86.3%

Mathematics Years Prep to 6

Latest year
(2020)

School percent of students at or above age expected standards:

80.5%

Similar Schools average:

70.1%

State average:

85.2%

NAPLAN

NAPLAN tests were not conducted in 2020.

NAPLAN Learning Gain

NAPLAN learning gain is determined by comparing a student's current year result to the results of all 'similar' Victorian students (i.e. students in all sectors in the same year level who had the same score two years prior).

NAPLAN tests were not conducted in 2020.

ENGAGEMENT

Key: 'Similar Schools' are a group of Victorian government schools that are like this school, taking into account the school's socioeconomic background of students, the number of non-English speaking students and the size and location of the school.

Average Number of Student Absence Days

Absence from school can impact on students' learning. Common reasons for non-attendance include illness and extended family holidays. Absence and attendance data in 2020 may have been influenced by local processes and procedures adopted in response to remote and flexible learning.

Student Absence Years Prep to 6

	Latest year (2020)	4-year average
School average number of absence days:	20.5	17.4
Similar Schools average:	18.9	18.0
State average:	13.8	15.3

Attendance Rate (latest year)

	Prep	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Attendance Rate by year level (2020):	83%	87%	90%	88%	93%	91%	92%

WELLBEING

Key: 'Similar Schools' are a group of Victorian government schools that are like this school, taking into account the school's socioeconomic background of students, the number of non-English speaking students and the size and location of the school.

Student Attitudes to School – Sense of Connectedness

The percent endorsement on Sense of Connectedness factor, as reported in the Attitudes to School Survey completed annually by Victorian Government school students, indicates the percent of positive responses (agree or strongly agree).

Schools who participated in the Student Attitudes to School survey in 2020 should refer to the advice provided regarding the consistency of their data.

Sense of Connectedness Years 4 to 6

	Latest year (2020)	4-year average
School percent endorsement:	70.5%	72.7%
Similar Schools average:	NDP	83.8%
State average:	79.2%	81.0%

Due to lower participation rates and differences in collection methodology in 2020, data are often not comparable with previous years or within similar school groups. Care should be taken when interpreting these results.

Student Attitudes to School – Management of Bullying

The percent endorsement on Management of Bullying factor, as reported in the Attitudes to School Survey completed annually by Victorian Government school students, indicates the percent of positive responses (agree or strongly agree).

Schools who participated in the Student Attitudes to School survey in 2020 should refer to the advice provided regarding the consistency of their data.

Management of Bullying Years 4 to 6

	Latest year (2020)	4-year average
School percent endorsement:	68.8%	69.0%
Similar Schools average:	NDP	81.5%
State average:	78.0%	80.4%

Due to lower participation rates and differences in collection methodology in 2020, data are often not comparable with previous years or within similar school groups. Care should be taken when interpreting these results.

Financial Performance and Position

FINANCIAL PERFORMANCE - OPERATING STATEMENT SUMMARY FOR THE YEAR ENDING 31 DECEMBER, 2020

Revenue	Actual
Student Resource Package	\$3,370,699
Government Provided DET Grants	\$747,072
Government Grants Commonwealth	\$43,300
Government Grants State	\$17,363
